FIND MY ADMISSION

Our Director wants to say something

Hello students and parents!

From the entire team of Find My Admission. Our journey of being a penny org to one of India's most successful educational consultancy firm has been possible only because of our unbiased guidance and the trust that students have bestowed upon us through all these years since 2004.

We aim at providing each and every minute information regarding admission and academics of various colleges thereby helping you decide which college suits you best as per your requirements.

We have been bridging the gap between the college's complex procedures and the students admissions since 18 years till date.

There have been ennumerous changes in the admission procedure which did create challenges but we did overcome each one of them

We will be looking forward to serve you better always and all the best for all your future endeavours.

Amit Kumar

Director

Why Choose Us?

We believe in the fact that a student's entire potential cannot be judged based on his performance in one single exam and so we help in providing a second chance to prove yourself.

If you have scored good, It is our sole responsibility to get you the best possible college at that particular score through counselling. This includes counselling procedure of all the states, private colleges, government colleges and the centralised all India counselling too.

Now even if you were not able to perform well in your NEET exam but you have still managed to qualify, no need to get disheartened. You will still get your dream college. FMA has been conceived with the intent of providing the best in class admission consulting services to medical aspirants.

We are working with an affordable fee structure and believe in transparent dealings with parents and students.

We are appointed/authorised by various universities to propagate and promote education facilities to students of various countries and to act as a guiding force.

Now concluding this, We sincerely value each and every individual's precious time and hard earned money, so do give us a chance to serve you.
